

Federal Emergency Management Agency

Washington, D.C. 20472

JUL 16 1984

MEMORANDUM FOR: Edward L. Jordan
Director, Division of Emergency
Preparedness and Engineering
Response
Office of Inspection and Enforcement
U.S. Nuclear Regulatory Commission

FROM: *Edward L. Jordan*
Richard D. Krimm
Assistant Associate Director
Office of Natural and Technological
Hazards Programs

SUBJECT: Exercise Report of the December 14, 1983, Exercise of the
Offsite Radiological Emergency Preparedness Plans for the
Comanche Peak Steam Electric Station

Attached are two copies of the Exercise Report of the December 14, 1983, joint exercise of the offsite radiological emergency preparedness plans for the Comanche Peak Steam Electric Station. The State of Texas as well as Somervell and Hood Counties participated in the exercise. The report dated June 25, 1984, was prepared by Region VI of the Federal Emergency Management Agency (FEMA). A schedule of corrective actions is included in Table 2 of this report. FEMA Region VI staff will furnish a copy of this report to the State of Texas.

Although there were deficiencies observed at the exercise, they did not detract from the overall demonstrated capability by the State of Texas and Somervell and Hood Counties to protect the health and safety of the public.

If you have any questions, please contact Mr. Robert S. Wilkerson, Chief, Technological Hazards Division, at 287-0200.
