Re: In the Matter of Pacific Gas and Electric Company
(Diablo Canyon Nuclear Power Plant, Units 1
and 2), Nos. 50-2750L, 50-3730L

Dear Chairman Palladino and Members of the Commission:

Enclosed please find the Joint Intervenor's
Application for Stay, filed today with the Appeal Board in the
above-entitled proceeding. In order to ensure an opportunity
for Commission review concurrent with its scheduled August 30,
1984 vote on the full power operating license should the Appeal
Board deny the stay application, the Joint Intervenor's are
forwarding the application to you at this time.

In the event that the Commission votes (1) to issue
the license and (2) to deny the stay application, the Joint
Intervenor's respectfully request that the Commission grant a
limited stay of one week to permit them to apply to the United
States Court of Appeals for the District of Columbia Circuit
for an emergency stay of the license pending appeal. The
Commission granted such a request in April 1984 when it voted
to issue a low power operating license for Diablo Canyon.

Very truly yours,

Joel R. Reynolds
