Re: In the Matter of Pacific Gas and Electric Company  
(Diablo Canyon Nuclear Power Plant, Units 1  
and 2), Nos. 50-2750L, 50-3730L

Gentlemen:

Enclosed please find the Joint Intervenor's  
Application for Stay, filed today pursuant to 10 C.F.R. § 2.788  
in the above-entitled proceeding. In order to ensure an  
opportunity for Commission review concurrent with its scheduled  
August 30, 1984 vote on the license should this Board deny the  
stay application, the Joint Intervenor's request a decision by  
this Board no later than July 27, 1984.

In the event that this Board denies the stay  
application, the Joint Intervenor's request that it grant a  
limited stay of one week from the date of license approval by  
the Commission to permit them to apply to the United States  
Court of Appeals for the District of Columbia Circuit for an  
emergency stay pending appeal. The Commission granted such a  
request in April 1984 when it voted to issue a low power  
operating license for Diablo Canyon.

Very truly yours,

Joel R. Reynolds  
Counsel to the Joint  
Intervenor's
