Dear Judge Brenna:

Sometime in early fall public hearings are to be held on the Public Emergency Planning with respect to the Limerick Nuclear Power Plant. It is our understanding that these hearings are to be held in Philadelphia, Pennsylvania. If this is correct we are requesting that you consider holding the hearings in nearby Phoenixville or Pottstown as these sites are representative of the areas of immediate concern with respect to the safety of the power plant.

Your kind consideration of this request will be appreciated.

Sincerely,
BOARD OF SUPERVISORS

John D. Doyle
