SUBMISSION OF THE CONTROL ROOM
DESIGN REVIEW PROGRAM PLAN
POINT BEACH NUCLEAR PLANT, UNITS 1 AND 2

In our May 3, 1984 letter to you, Wisconsin Electric committed to submit a control room design review plan no later than July 31, 1984. This commitment was confirmed in your order to us dated July 3, 1984. Enclosed for your review is a copy of the Point Beach Nuclear Plant Control Room Design Review Program Plan.

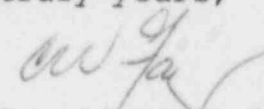

This plan is partial fulfillment of the requirements of "Supplement 1 to NUREG-0737 - Requirements for Emergency Response Capability (Generic Letter 82-33)", Item 5.2. This document, and the appendices thereto, are part of a dynamic process and may require changes as refinements are deemed necessary. The version in use at the time of performing each task will be documented and maintained as part of the Control Room Design Review effort.

Execution of the Control Room Design Review is proceeding in accordance with the schedule discussed in Section 5.0 of the Program Plan.

Should you have any questions concerning the Program Plan, please let us know.

Very truly yours,
