

Dear Judge Kelley and Board, 8-01-84

This is written notice that Applicants' counsel Dale Hollar and I have agreed to negotiate concerning the adequacy of various responses in Applicants' 7-25-84 discovery responses on emergency planning, including document identification, beginning at a document production session the afternoon of August 3. If these negotiations fail to resolve the issues, a motion to compel will be filed within ten days of the breakdown of negotiations.
