Subject: Monthly Operating Report Revision

Dear Sir:

Attached is a revision to the Crystal River Unit-3 November 1991 Monthly Operating Report. Information regarding a reactor trip on November 25, 1991 was omitted from the report submitted December 11, 1991.

This revision updates item 24 on the Operating Data Report, replaces item 91-40 on the Unit Shutdown and Power Reduction Table, and revises the Operational Summary Statement.

Sincerely,

G. L. Boldt  
Vice President  
Nuclear Production
