Garret,

Thanks for your time during the initial inspection of the proHNS NRC license. Also many thanks for sending the requested documents following the on-site inspection. As discussed yesterday during the final telephonic exit meeting for the inspection, no violations were identified. The attached NRC Inspection Report indicates that no violations were identified. Please save this for your records. No response to the Inspection Report is required but I am requesting a courtesy email acknowledging receipt.

Please let me know if you have any questions about the Inspection Report and don't hesitate to reach out if you have any questions in the future.

Regards,  
Janine
