MOTION FOR LEAVE TO
FILE RESPONSE

Commonwealth Edison Company ("Applicant") respectfully requests the Atomic Safety and Licensing Board that it be granted leave to file the attached "Commonwealth Edison Company's Response to Neiner Farms' Status Report Regarding Contention 4." There is good cause for the filing of this pleading since, in the course of responding the Licensing Board's request to the parties for a status report, Intervenor Bob Neiner Farms, Inc. proffered information purportedly relevant to Contention 4. The admissability of that contention is pending before this Licensing Board. In this circumstance, fairness requires that Applicant be granted leave to respond to the proffered information and Intervenor's arguments based on that information. Applicant's motion should be granted.

Respectfully submitted,
