Re: Docket Nos. 50-413 and 50-414
Catawba Nuclear Station, Units 1 and 2

Dear Administrative Judges:

Attached is a copy of Applicants' Interrogatories to Palmetto Alliance and Carolina Environmental Study Group, requesting information as to the identity, qualifications and role of the expert who will assist Intervenors in preparing their technical position paper on site-specific diesel generator problems at Catawba. Applicants informed the Board and parties of their intention to serve such interrogatories upon Intervenors during the conference call of the Board and parties conducted August 10, 1984.

Respectfully submitted,

Albert V. Carr, Jr.
