Reply to a Notice of Violation 91-21-02

Gentlemen:

In our letter of October 30, 1991 we committed to give additional guidance to operators on how to handle situations where actions must be taken that go beyond the level of detail that exists in the procedure. This guidance was to be completed by December 30, 1991. This action was not completed on time. The action was completed February 24, 1992.

We will investigate this matter to ensure that future commitments are not missed.

If you have any questions, call L. J. Kunka at (704)875-4032.

Very truly yours,

T. C. McMeekin
