Gentlemen:

DOCKETS 50-266 AND 50-301
ADDITIONAL INFORMATION REGARDING
EMERGENCY TECHNICAL SPECIFICATIONS CHANGE REQUEST 184
INCORPORATION OF F* STEAM GENERATOR TUBE REPAIR CRITERION
POINT BEACH NUCLEAR PLANT, UNITS 1 AND 2

On November 9, 1995, we submitted Technical Specifications Change Request 184, "Incorporation of F* Steam Generator Tube Repair Criterion." Enclosed with that submittal was the proprietary version of B&W Nuclear Technologies (BWNT) Document 51-1239602-00, "Point Beach 2 Repair Roll Qualification Report." We stated in our November 9, 1995, letter that we would forward a non-proprietary version of the report under separate cover.

This letter forwards BWNT Document 51-1239602NP-00, the non-proprietary version of the above mentioned report.

If you require additional information, please contact us.

Sincerely,

A handwritten signature in dark ink, appearing to read 'B. Link', is written over a faint circular stamp.

Bob Link
Vice President
Nuclear Power
