Subject: Submittal of Fermi 2 Security Personnel Training
and Qualification Plan (Revision 8)

In accordance with 10CFR50.54(p)(2), Detroit Edison hereby submits
Revision 8 to the Fermi 2 Security Personnel Training and
Qualification Plan (SPT&QP).

Detroit Edison submitted Revision 6 to the Fermi 2 SPT&QP by Reference
2 which was reviewed and accepted by the NRC in Reference 3, except
that the plan needs to be revised to require all armed security force
officers to complete the physical fitness test at least every 12
months. Therefore, changes have been made to the plan to address the
issues identified in the enclosure of the NRC letter (Reference 3).

These changes include a revised definition of Response Force in
Section 2.0 and requirements that security officers shall demonstrate
physical fitness initially and annually, in Sections 3.1.3 and 3.1.4.
Accordingly, Note 1 to Appendix B of the plan has been deleted and
note numbers are readjusted. A revision summary of changes made by
Revision 8 to Fermi 2 Security Personnel Training and Qualification
Plan is also provided. Only pages 2-2, 3-3, 3-4, B-1, and B-2 as
changed by Revision 8 are being submitted. All changes to the text
are highlighted (shaded) and a revision bar is provided in the right
margin. The changes made under this revision do not decrease the
effectiveness of the Fermi 2 Security Personnel Training and
Qualification Plan.
