Mr. G. Ted Ankrum  
Chief, QA Branch  
U.S. Nuclear Regulatory Commission  
Division of Quality Assurance,  
Safeguards & Inspection Programs  
Washington, DC 20555

SUBJECT: Arkansas Nuclear One - Units 1 & 2  
Docket Nos. 50-313 and 50-368  
License Nos. DPR-51 and NPF-6  
Quality Assurance Manual Operations,  
Revision 6 (Copy No. 7)

Gentlemen:

After distribution of the subject manual, it was identified that the manual numbers were left off the coversheet. Attached is a corrected coversheet showing the controlled manual number that has been assigned to you. Please insert this coversheet in the front of your manual and remove the existing coversheet.

Your cooperation in this matter is appreciated. I hope that this omission has not caused you any inconveniences.

Very truly yours,

John R. Marshall  
Manager, Licensing
