Re: Rochester Gas and Electric Corporation  
(R.E. Ginna Nuclear Power Station,  
Unit No. 1), Docket No. 50-244 OLA

Dear Sirs:

By Memorandum and Order dated May 25, 1984, the Atomic Safety and Licensing Board in this proceeding directed that discovery commence concerning the admitted contentions of Intervenor Michael L. Slade, and that the parties to this proceeding file a report by August 15, 1984, indicating the status of discovery and suggesting a "schedule of proceedings leading up to, and including, a prospective hearing."

On July 13, 1984, Rochester Gas and Electric Corporation ("Applicant") served its first set of interrogatories on Mr. Slade. On July 24, 1984, Mr. Slade filed a pleading withdrawing all of his outstanding contentions. As a result, on August 3, 1984, Applicant filed a motion seeking to terminate this proceeding.

Based upon these developments, Applicant believes that it is no longer appropriate to establish a schedule for any further proceedings.
