Dear Ms. Diggs:

DOCKET NOS. 50-266 AND 50-301
APPROVAL APPLICATION FEE
INSERVICE INSPECTION ASME CODE RELIEF REQUESTS
POINT BEACH NUCLEAR PLANT, UNITS 1 AND 2

Your letter dated August 16, 1984 requested that Wisconsin Electric Power Company provide a \$150 approval application fee for the inservice inspection ASME code relief requests submitted with our letter dated July 6, 1984. While it was not clear that the provisions of 10 CFR 170.12(c) regarding amendment fees and other required approvals applied to inservice inspection code reliefs, we consider your letter as imposing the requirement to submit the application fee of \$150. Accordingly, we have enclosed herewith a check in that amount payable to the U. S. Nuclear Regulatory Commission.

Very truly yours,

Vice President-Nuclear Power
