Dear Administrative Judges:

In preparing for the upcoming hearing, one oversight in the Surrebuttal Testimony of Alabama Power Company has come to our attention. Rather than awaiting introduction of the testimony, we are calling this to the attention of the Board and parties at this time to avoid any confusion.

Specifically, in the testimony of Mr. Love on Terminal Blocks (Volume II of the Surrebuttal Testimony), at page 146, Mr. Love states that he has marked Figures 1 and 2 (the figures appear on pages 147 and 148, respectively) "to indicate each simulated DBA on the profiles." However, the Figures as they appear in the bound volume were not so marked. Attached are copies of the figures as they should have appeared, marked by Mr. Love.

Other errata in the Surrebuttal Testimony on Terminal Blocks are noted in an attached errata sheet. Any additional errata, including any on other issues, will be provided at the hearing consistent with customary practice.

Respectfully submitted,

David A. Repka
