Dear Mr. Denton:

South Texas Project
Units 1 & 2
Docket Nos. STN 50-498, STN 50-499
Schedule For Submittal of the
Fire Hazards Analysis Report

Previously, Houston Lighting & Power Company (HL&P) verbally notified the NRC Licensing Project Manager (LPM) of a delay in the submittal of the Fire Hazards Analysis Report (FHAR). HL&P has reevaluated and revised the STP fire protection criteria to be used in performing the analysis and will submit the revised FHAR by February 1, 1985. HL&P would like to meet with the NRC staff on, or about, September 27, 1984 to discuss the revised approach that we are implementing on the South Texas Project (STP). We have been in contact with the Project Manager, Mr. V. Nerses, to discuss arrangements for this meeting.

If you should have any questions concerning this matter, please contact Mr. Michael E. Powell at (713) 993-1328.

Very truly yours,
