Motion for Extension of Time in which to File Proposed
Findings on Offsite Emergency Planning

The Commonwealth hereby requests an additional day in which to file its proposed findings of fact and conclusions of law on offsite emergency planning contentions.

The Commonwealth contends there is good cause for granting this motion. As the Commonwealth has indicated to this Board on prior occasions, Commonwealth filings in this proceeding must undergo several levels of review. Proposed findings on issues as significant as offsite emergency planning merit careful consideration by Commonwealth officials. Moreover, undersigned Commonwealth counsel has been assigned responsibility for preparation of these findings, including incorporation of revisions or comments made in the course of review. At the same time,

DS03

undersigned counsel is faced with the responsibility of presenting part of her agency's direct case in Pennsylvania PUC hearings in Harrisburg on March 4, and spending the next day in preparation for presentation of the remainder of her agency's case on March 7. The demands of this schedule have not been within the control of counsel. The additional day will allow counsel to incorporate the review of the appropriate Commonwealth officials and thereby fairly represent the Commonwealth's position.

Commonwealth counsel has discussed this request with the Applicant. In light of the special circumstances of the undersigned counsel, Applicant has no objection to the requested one-day extension for the Commonwealth.

The Commonwealth requests the Board allow the Commonwealth until March 7, 1985 to file its proposed findings on offsite emergency planning contentions.

Respectfully submitted:

Zori G. Ferkin
Assistant Counsel
