Re: SOP License Number: SOP-20682
Docket No. 55-21095

Gentlemen:

Please accept this letter as formal notification that Mr. Rick Piciullo is no longer to performing licensed activities for our facility. This decision to give up License Number SOP-20682 is made with Mr. Piciullo's knowledge based on recent conversations with him. Mr. Piciullo always performed his licensed duties in a capable and responsible manner. However, since completion of his bachelor's degree from the University of Florida, he has been serving primarily as a consultant as our Acting Reactor Manager and not performing licensed duties for the past 18 months. For some time he was considering becoming our permanent reactor manager but is now set on pursuing a doctorate in Physics. We have appointed another qualified individual as our acting Reactor Manager. Therefore, Mr. Piciullo's license is no longer needed.

If further information is needed, please let us know.

Sincerely,

William G. Vernetson
Director of Nuclear Facilities
