APCSB 9.5-1, Appendix A, Revision 2 Report

Dear Sir:

We have enclosed five (5) copies of Revision 2 to our report entitled, "Seabrook Station Fire Protection Program - Evaluation and Comparison to BTP APCS 9.5-1, Appendix A". The initial version of this report was submitted in August 1977, in response to a September 30, 1976 request by the Staff. The first revision of the report was submitted in April 1982 [Reference (b)] in response to the Operating License Application Acceptance Review Questions which we received on September 31, 1981. This second revision of the report reflects various changes resulting from the review and evaluation of 10CFR50 Appendix R and incorporates commitments made during the course of the Staff's fire protection review.

Only the binders and tabs presently in your possession should be utilized with Revision 2 of the report. All other report pages have been superseded and should be discarded. The "Instructions for Updating Seabrook Station Fire Protection Program - Evaluation and Comparison to BTP APCS 9.5-1, Appendix A, Revision 2, August 1984", is attached hereto.

Very truly yours,

John DeVincentis
