Dear Judge Gleason:

On March 5, 1985, we sent you a copy of CEI's preliminary evaluation of the PNPP Hydrogen Control System, dated March 1, 1985. CEI has supplemented the preliminary evaluation, as indicated in the enclosed March 21, 1985 letter from M. Edelman to B. Youngblood. For the Board's convenience, I am enclosing a revised version of the March 1, 1985 preliminary evaluation containing the additional information transmitted to the NRC staff with CEI's March 21, 1985 letter. CEI provided the March 21, 1985 additional information to Ms. Hiatt during a recent site visit by Ms. Hiatt.

Sincerely,

Jay E. Silberg
