Mr. Harold R. Denton, Director  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Re: Peach Bottom Atomic Power Station, Unit 3  
Docket No. 50-278

Dear Mr. Denton:

Enclosed for filing with the Commission is an Amendment to Philadelphia Electric Company's January 7, 1985 Application for Amendment of Facility Operating License DPR-56. This Amendment revises the earlier Application to reflect changes in the scope of the planned reactor refueling and resultant changes in operating limits. This filing consists of 3 originals and 19 copies of the Amendment and 22 copies of a document entitled "Supplemental Reload Licensing Submittal for Peach Bottom Atomic Power Station Unit 3, Reload 6", dated March, 1985.

Very truly yours,

  
Eugene J. Bradley
