

KANSAS GAS AND ELECTRIC COMPANY

GLENN L. KOESTER
VICE PRESIDENT - NUCLEAR

December 3, 1984

Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

KMLNRC 84-203
Re: Docket No. STN 50-482
Subj: Wolf Creek ASLB Initial Decision

Dear Mr. Denton:

Per the request of the Wolf Creek Licensing Project Manager, attached is a status of the follow-up activities directed towards the NRC Staff and KG&E in the Wolf Creek ASLB Initial Decision (ASLB Docket No. 81-453-03-OL).

Also attached is a copy of the Wolf Creek Emergency Planning brochure, a copy of the postal receipt for the mailout of the brochure, and a copy of the Memorandum of Understanding with the National Weather Service.

Yours very truly,

GLK:bb

WOLF CREEK ASLB INITIAL DECISION STATUS REPORT

<u>Section</u>	<u>Page</u>	<u>Commitment</u>	<u>Status</u>
III.1	10	Installation of tone alerts.	As of November 14, 549 residential and 19 commercial tone alerts have been distributed.
III.1	10	Standard "fire" notification procedure has been set forth in the County Plan Implementing Procedures (CPIPs).	Completed. These are in place as part of the fire notification system. See CPIP No. 19.
III.2	12	Second telephone line is installed in the County Shop	Completed.
III.3	13	Radio equipment for the Sheriff has been installed.	Completed.
III.11	17	Additional sirens have been installed.	Completed.
III.15	25, 111	Letters of Agreement (LOAs) from host hospitals and nursing homes.*	Completed.
III.15	26, 111	LOAs with ambulance services and funeral directors.	Being revised according to FEMA's comments. Will be submitted by December 31, 1984.

<u>Section</u>	<u>Page</u>	<u>Commitment</u>	<u>Status</u>
III.28	45, 46	CPIPs amended to specify where dosimeters will be prepositioned or where County workers in each class will be able to secure their dosimeters, and the numbers and types of such dosimeters.	Dosimetry has been prepositioned - CPIPs to be amended during next revision.
III.28	46	Corps of Engineers dosimeter source.	Completed. The Corps office at John Redmond Reservoir maintains its own dosimeters, recharger and survey meters.
III.29	48	County Plan and CPIPs reflect training matrix revisions.	Completed with the exception of the Health Management Team Training, which requires an "X" under radiation survey techniques. This will be included in the next revision of the plan. See County Plan Table 5-1.
III.31	53	Radio equipment installed.	Completed.

*As revised by the ASLB order dated July 26, 1984

I do hereby attest that 3566 emergency information booklet envelopes were postage metered at 37 cents per envelope on 10/31/84. These envelopes were delivered to the Post Offices in and around Coffey County on 11/1/84.

Sheri Johansen
