Docket No. 50-339
License No. NPF-7

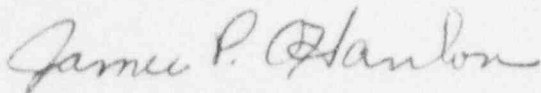

Gentlemen:

VIRGINIA ELECTRIC AND POWER COMPANY
NORTH ANNA POWER STATION UNIT 2
WITHDRAWAL OF PROPOSED LICENSE AMENDMENT
STEAM GENERATOR INSPECTION SCOPE REDUCTION

By letter dated October 17, 1995, Virginia Electric and Power Company requested a license amendment for North Anna Power Station Unit 2 to reduce from two to one the minimum number of steam generators required to be inspected during the first inservice inspection following steam generator replacement. Based on discussions with the NRC on February 7, 1996, we have decided to withdraw the license amendment request.

Should you have any questions or require additional information, please contact us.

Very truly yours,

James P. O'Hanlon
Senior Vice President - Nuclear
