Strasburg, OH 44680

**SUBJECT: U.S. NUCLEAR REGULATORY COMMISSION RESPONSE TO STATUS OF
ACTIONS FOR CONFIRMATORY ORDER 03020982/2018002**

Dear Mr. Elliott:

This letter refers to your March 27, 2020, correspondence concerning Item D.1 of the Confirmatory Order (Order) related to Inspection Report No. 03020982/2018002 (ML19091A106). Item D.1 of the Order requires Prime NDT Services, Inc. (Prime NDT) to develop and submit a summary intended for distribution as operating experience to various external entities. You initially provided the summary required by Item D.1 in your letter dated October 28, 2019. In response, the NRC issued a letter to Prime NDT on January 29, 2020 (ML20036D995), containing comments pertaining to your submittal and offering the opportunity to resubmit the summary prior to its public distribution.

The NRC has no further comments on the summary at this time. Minor editorial or grammatical changes may be made to the summary by Prime NDT without resubmittal to the NRC provided the changes do not impact the intent or content of the summary as submitted.

In accordance with Item D.1.b of the Order, Prime NDT is required, within 30 days of receiving this letter, to submit the summary as an operating experience article to:

1. the American Society for Nondestructive Testing (ASNT) for consideration for publication in the ASNT's quarterly newsletter, "The NDT Technician;" and
2. the Conference of Radiation Control Program Directors (CRCPD), the Organization of Agreement States (OAS) and the Health Physics Society (HPS) for consideration for sharing to their member points of contact or publications in their newsletters (i.e., the CRCPD's "NEWSBRIEF," and the HPS's "Health Physics News Digest").

In accordance with Item D.1.c of the Order, Prime NDT is required, within 30 days of submitting the summary to these organizations, to inform the NRC that the action is complete by sending a letter to the NRC Region I Administrator.

S. Elliott
