Re: Texas Utilities Electric Company, et al.  
(Comanche Peak Steam Electric Station,  
Units 1 and 2), Docket Nos. 50-445/2 and 50-446/2

Gentlemen:

During his redirect examination on December 3, 1984, C. Thomas Brandt identified two drawings, consisting of a vertical cross-section through the Unit 1 containment centerline (Drawing A), and a drawing depicting the plan view for elevation 808.0 feet for the Unit 1 Reactor Building (Drawing B) (tr. 21455-56). Counsel offered to supply the Board and parties copies of the drawings (tr. 21473). By this letter, we do so.

Respectfully submitted,

*McNeill Watkins II*
