Re: Houston Lighting and Power Co.  
South Texas Project, Units 1 & 2  
Docket Nos. STN-50-498, STN-50-499 OC

Dear Members of the Appeal Board:

In its Brief on Appeal From Partial Initial Decision, Citizens Concerned About Nuclear Power expressed a concern in its introduction about how the ASLB in this proceeding was using its Partial Initial Decision to severely restrict the issues to be heard in Phase II of this proceeding. CCANP's worst fears were realized in the ASLB Fifth Prehearing Conference Order (Consideration of Issues for Phase II) dated November 16, 1984.

Because the Appeal Board's consideration of CCANP's appeal of the Partial Initial Decision so clearly affects CCANP's rights in Phase II of this proceeding, CCANP is enclosing for the information of the ASLB CCANP's motion for reconsideration of the ASLB Fifth Prehearing Conference Order.
