ASME CODE USAGE

Dear Mr. Youngblood:

Per the November 14, 1984 request by Robert Kirkwood of the NRC Mechanical Engineering Branch, please be advised that CPSES has used portions of the ASME B&PV Code contained in the Winter 1982 Addenda to the 1980 Edition and in the 1983 Edition. We understand that the ASME Code with Addenda through the Summer of 1984 has been accepted by the NRC (with the exception of a portion of Section XI), and will be incorporated into a future revision of 10CFR50.55a.

Should you have any questions in this matter, please contact this office.

Respectfully,

  
J. W. Beck
