Dear Mr. Martin:

River Bend Station Unit 1
Docket No. 50-458
Final Report/DR-217

On February 22, 1985, GSU provided Region IV a 30-day written report pursuant to 10CFR50.55(e)(3) on DR-217 concerning bolting material (SA-193, Grade B6 stud, heat number 5837D) supplied by Cardinal Industrial Products Corporation. Investigation results indicate that none of the subject bolting material has been installed in Category I applications. GSU has therefore determined this condition is not reportable under 10CFR50.55(e).

Sincerely,

J. E. Booker
