Reliability Study of Emergency Feedwater System

Dear Sir:

By letter dated February 29, 1984, Florida Power Corporation informed you that the Probabilistic Risk Assessment (PRA) evaluation of the Emergency Feedwater System was scheduled for completion June 30, 1985.

Because of the longer than expected time to evaluate the PRA proposals, the revised schedule for this evaluation is November 27, 1985.

Sincerely,

G. R. Westafer  
Manager, Nuclear Operations
