Dear Dr. Lamb:

I have discovered today that your copies of two letters from me to the Appeal Board (dated November 30, 1984 and December 10, 1984, respectively) were mistakenly sent to Judge Hill's address, rather than to your correct address in North Carolina.

I am enclosing copies of those two letters, and apologize for any inconvenience to you that may have resulted from those incorrect mailings.

From the review of our records, it appears that while your address was incorrectly stated on this firm's certificates of service for materials filed directly with the Appeal Board since April 13, 1984, we continued to send copies of materials in the appeal proceeding to your correct address until November 30, 1984. Moreover, your address continued to be stated correctly on this firm's certificates of service in the proceeding before the Atomic Safety and Licensing Board, and we believe that you received all materials which we filed in that proceeding.

To assure that you are not missing any materials, however, the following list includes all materials filed by this firm between April 13, 1984 and November 30, 1984 with either the Appeal Board or the Licensing Board:

- (1) Applicants' Response to CCANP Motion for Additional Discovery (April 13, 1984);
- (2) Applicants' Response to CCANP Motion for Additional Time (April 13, 1984);

- (5) Applicants' letter to ASLB regarding Applicants' answers to State of Texas' interrogatories (June 29, 1984);
- (6) Applicants' Motion for Enlargement of Page Limitation for Appellate Brief (August 6, 1984);
- (7) Applicants' Response to CCANP, Inc., Brief on Appeal from Partial Initial Decision (August 13, 1984);
- (8) Notice of Change of Address and Telephone Number (Newman & Holtzinger) to Appeal Board (September 14, 1984).
- (9) Notice of Change of Address and Telephone Number (Newman & Holtzinger) to Atomic Safety and Licensing Board (September 14, 1984);
- (10) Applicants' Response to NRC Staff Brief on the Reportability of the Quadrex Report (September 28, 1984);
- (11) Applicants' Positions Regarding Issues Appropriate for Litigation During Phase II (October 5, 1984); and
- (12) Applicants' letter to ASLB advising they do not plan to make available to Board consultant's report on B&R's engineering on STP as prepared in connection with litigation (October 9, 1984).

Please let me know if you did not receive any of the foregoing materials and we will forward them immediately.

Our service list has now been corrected and we hope to avoid any future inconvenience to you.

Sincerely,

  
Maurice Axelrad
