Dear Mr Conte,

As per our telephone conversation, we are requesting that Citizens Awareness Network (CAN) be put on the service list for the Vermont Yankee Nuclear Power Station. CAN is a public interest group that has members who live within the ten mile radius of the Vermont Yankee reactor.

The local Public Document Room in Greenfield Community College (GCC), MA is not centrally located or convenient for our members. In addition, the library at GCC has no computer access for NUDOS making the task of document searches inefficient and unnecessarily time consuming. CAN is already on the service list for the Yankee Rowe Nuclear Power Station for just these reasons.

Thank you for your assistance in this matter.

Sincerely,

Deborah Katz
President
Citizens Awareness Network
