Re: McGuire Nuclear Station  
Docket Nos. 50-369 and 50-370  
Emergency Plan Implementing Procedures

Dear Sir:

Enclosed for NRC staff use and review are the follow Emergency Plan Implementing Procedures:

Compliance Manual Section 13.2 dated 6/16/91  
Compliance Manual Section 13.2 dated 12/17/91

Please delete privacy material in the form of personal telephone numbers prior to placing in the Public Document Room.

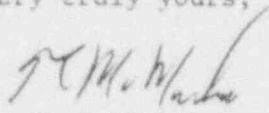

By copy of this letter, two copies are being provided to NRC Region II, Atlanta, Georgia.

Due to an administrative error these section manual revisions were not previously sent to you.

These procedures were previously revised by one person and distributed by another person outside the Emergency Planning area. Responsibility for these procedures is now handled totally within Emergency Planning. An Emergency Planning Section Manual is being created to proceduralize how these revisions are handled. We feel these actions will prevent recurrence of this problem.

If you have any questions or concerns, please contact Becky Hasty at 704-875-4662.

Very truly yours,

  
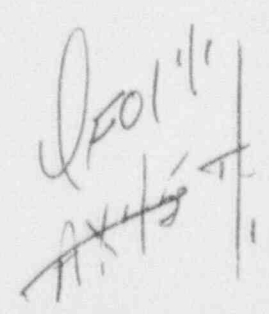

T. C. McMeekin  
Vice President  
McGuire Site
