Subject: ABWR PRA Shutdown Risk Tables

rec 6/2/92

Attached are two Draft Tables : 19Q.4-1 " ABWR features that minimize Shutdown Risk, 19Q3-2 " ABWR features to prevent/mitigate loss of DHR Precursor Events." These two tables are NRC commitments for the March 24, 1992 meeting. These are to satisfy DSER item 0-20 Subtasks 1 and 2.

These are Draft Tables and will be modified and expanded upon before the final SAR submittal the end of June 1992.
