Subject: Shore Barrier Photographs

Dear Mr. Staley:

In response to our telephone conversation of December 20, 1984, enclosed is a set of construction photographs.

These photographs show the Fermi 2 shore barrier at all stages of construction including the completed shore barrier. I invite your attention to photograph 721-12299 which shows the south end of the completed barrier. Please note the final elevation of the cap stone in this area is about elevation 578.

These photographs are for your information and file.

Sincerely,

R.A. Bryer
