Revision to NPDES Monthly Report, EPA Permit No. PA0025615

SUBJECT: Beaver Valley Power Station, Unit No. 1 and No. 2
BV-1 Docket No. 50-334, License No. DPR-66
BV-2 Docket No. 50-412, License No. NPF-73

Gentlemen:

The Discharge Monitoring Reports submitted for January 1996 contained incomplete information for discharge monitoring points 203 and 403. The pH results for discharge monitoring point 203 and the Oil & Grease results for discharge point 403 were inadvertently omitted from the reports. None of the missing data exceeded limits. Revised DMRs are attached.

Please accept our apology for any inconvenience this may have caused.

Sincerely,

S. L. Vicinie
