Rev. 5

EMERGENCY OPERATIONS CENTER - FLINTRIDGE
EMERGENCY EQUIPMENT AND SUPPLIES

1.0 Purpose

The purpose of this procedure is to establish the actions to be taken to ensure the operational readiness of emergency equipment and supplies.

2.0 Scope

This procedure applies to the General Office Staff of the Nuclear Generation Department.

3.0 References

3.1 Joseph M. Farley Nuclear Plant Emergency Plan

4.0 General

4.1 The Superintendent-Regulatory and Procedural Control, Flintridge Building, shall be responsible for implementing the requirements of this procedure.

4.2 An inventory list shall be posted on front of each emergency cabinet.

4.3 An inventory shall be performed:

4.3.1 annually

4.3.2 after each emergency or drill during which the cabinet seals are broken and the cabinet is left unattended.

4.4 This procedure applies only to equipment and supplies stored for emergency use.

5.0 Procedure

- 5.1 On the attached Equipment and Supply checklist (Table 1), initial the appropriate space after verifying the item is accounted for.
- 5.2 Sign and date the checklist and forward it to the Superintendent-Regulatory and Procedural Control, Flintridge Building.
- 5.3 After reviewing the checklist, the Superintendent-Regulatory and Procedural Control, Flintridge Building, shall insure any discrepancies found are corrected.
- 5.4 The checklist shall be placed in file A 29.13.3.3.
