Dear Mr. Martin:

Subject: Oyster Creek Nuclear Generating Station
Docket No. 50-219
Revision #16 to Physical Security Plan

The purpose of this submittal is to respond to the concern expressed in your correspondence dated December 31, 1984, in which you determined a change to our Security Plan resulted in a decrease in the effectiveness of the plan and was not acceptable as a 10 CFR 50.54(p) change. We are, therefore, providing you with a correction to our Security Plan which will restore that portion of the Plan to its "pre-revision 16" condition.

Since the contents of this letter which, if released to the public would compromise the physical security of the Oyster Creek station, it is requested pursuant to 10 CFR 2.790 that this document be withheld from public disclosure.

If there are any questions regarding the enclosed information, please contact me or the Oyster Creek Licensing Manager at (609)971-4643.

Very truly yours,

Peter B. Fiedler
Vice President and Director
Oyster Creek
