Nuclear Regulatory Commission
Docket 50-352
Washington, D.C. 20555

DOCKET
-BENCH

SERVED FEB 7 1985

Dear Judge Hoyt,

It would like to have this included in the record
as a limited appearance statement.

Due to our concern for our safety and the
safety of our neighbors, Central Bucks Clean Energy Collective
and affiliates are currently bringing the evacuation
issues to the attention of townships and borough supervisors
in Bucks County and a sample resolution has been drawn
up and is being passed. Though just beginning, response
so far is positive. Buckingham Township has passed the
resolution. A copy is attached.

Sincerely,

Maureen Hurley

MODEL RESOLUTION

WHEREAS, the Board of Supervisors of _____ (Borough
Township
has been advised that the Limerick Nuclear Generating Station is intending to
commence full scale nuclear operations in or about April, 1985; and

WHEREAS, the Supervisors have been advised, and have given due consideration, to the fact that nuclear generating plants entail a risk of accidental emergencies involving releases of toxic radioactive materials into the atmosphere, with consequent potential for short and long term human health effects; and

WHEREAS, an ingestion zone of 50 miles from the Limerick plant has been established by the United States Nuclear Regulatory Commission within which use of water and agricultural products can be interdicted, and from which persons other than emergency workers may be excluded under emergency procedures; and

WHEREAS, the Supervisors have been advised that the United States Nuclear Regulatory Commission has warned of possible lethality to a distance of 25 miles from the plant, and that the United States Nuclear Regulatory Commission has estimated that persons from that 25-mile area may reasonably seek to evacuate into, and through, the 50-mile ingestion zone; and

WHEREAS, the Supervisors have been advised that although _____
(Borough
(Township is within fifty miles of Limerick, no plans have been made or are being made, for evacuation of, or other demonstrably effective protection for, the citizens of or transients within _____ (Borough
Township in the event of a disaster at Limerick; and

WHEREAS, the Supervisors are informed that the County Commissioners of Bucks County have primary responsibility under the Emergency Management

Act of the Commonwealth of Pennsylvania, P.L. 1372, for providing for emergency situations in the County; and

WHEREAS, pursuant to Act 147 of 1984 of the Commonwealth of Pennsylvania, the Pennsylvania Emergency Management Agency has direct responsibility to provide necessary protective measures to municipalities;

NOW THEREFORE, BE IT RESOLVED

1. That the Supervisors of _____ Borough
Township request that the Bucks County Commissioners and the Pennsylvania Emergency Management Agency make appropriate plans for the evacuation of the citizens, including visitors, of _____ Borough
Township, or other demonstrated effective protection, in the event of an emergency at Limerick, and provide appropriate information to the Supervisors to reassure the residents of _____ Borough
Township that such plans have been made;

BE IT FURTHER RESOLVED

2. That the Supervisors of _____ Borough
Township communicate this Resolution and all necessary additional information to the Bucks County Commissioners, the Pennsylvania Emergency Management Agency, the United States Nuclear Regulatory Commission, Philadelphia Electric Company, and to any other entities and bodies deemed appropriate by the Chairman or the Secretary.
