SUPPLEMENT TO REQUEST FOR LICENSE AMENDMENT
CONTAINMENT SYSTEMS - PRIMARY CONTAINMENT AIR LOCKS

Dear Mr. Vassallo:

By letter dated October 24, 1984, Carolina Power & Light Company (CP&L) requested a license amendment concerning primary containment air locks. Upon subsequent review of this submittal, it was found that the words "air lock door" were inadvertently left out of Action a.1 of Technical Specification 3.6.1.3. The TS currently reads "... restore the inoperable air lock door interlock ..."; the correct wording is "... restore the inoperable air lock door/air lock door interlock ...". Enclosed is the corrected TS Page 3/4 6-4 for Brunswick 1 and Brunswick 2.

Should you have any questions concerning this matter, please contact Mr. Sherwood R. Zimmerman at (919) 836-6242.

Yours very truly,

A. B. Cutter - Vice President
