Subject: Catawba Nuclear Station, Unit 1
Docket No. 50-413
Steam Generator Repair Criteria
WCAP-13495

On August 24, 1992, Catawba Nuclear Station submitted a proposed Technical Specification amendment for Steam Generator Interim repair criteria. This proposed amendment was supplemented on September 2, 4 and 17, 1992. The proposed revisions change the Steam Generator repair criteria for Catawba Unit 1 Cycle 7 operation.

As stated in the September 17, 1992 submittal WCAP-13495, "Catawba Unit 1 Technical Support for Steam Generator Interim Tube Plugging Criteria for Indications at Tube Support Plates" is attached.

Very truly yours,

M. S. Tuckman
