

Washington Bureau

July 11, 1984

Samuel Chilk  
Secretary of the Commission  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

APPEAL OF INITIAL FOIA DECISION

84-A-58C(84-445)

Rec'd 7-11-84

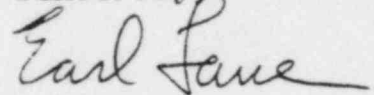

Dear Mr. Chilk:

I would like to enter an appeal from an initial FOIA decision (Docket 50-322). The request involves transcripts of Commission meetings regarding the Shoreham nuclear power station on May 9, May 10, May 11 and May 16, 1984.

Although the meetings dealt with adjudicatory matters pending before the agency, there have been cases in recent weeks where the Commission, voluntarily or under court order, has released similar transcripts. I refer to the release of transcripts regarding Shoreham to the House Interior Committee and the release of transcripts to the Philadelphia Inquirer regarding the Three Mile Island plant.

Accordingly, I request that the Commission review the initial FOIA decision. The matters discussed during the meetings in question are of significant public interest on Long Island and elsewhere.

Sincerely,

Earl Lane
