Paul, I should have mentioned that due to the COVID-19 outbreak, all NRC personnel are working remotely, so we will not be mailing you a hard copy of these documents. Please print them for your records.

Thanks,
Casey

Good afternoon Paul

Please see the attached corrected copy of NRC License 22-20271-01 reflecting the changes you requested in your email on April 14, 2020. There is also a letter acknowledging the email you sent on March 9, 2020, which provided leak tests results of the gauges you acquired. If you have any questions, please let me know.

Thanks,
