U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

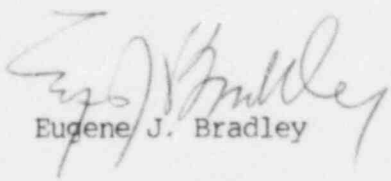

Re: Limerick Generating Station, Units 1 & 2
Docket Nos. 50-352 and 50-353

Dear Mr. Denton:

By letter dated January 31, 1985 we transmitted to you for filing with the Commission Amendment No. 76 to Philadelphia Electric Company's License Application in the above captioned matter. Included in that filing were 50 copies of Revision 7 to the Limerick Fire Protection Evaluation Report. Through an oversight Amendment No. 76 did not make reference to Revision 7 of the Fire Protection Evaluation Report which was filed with the Amendment. To remedy this oversight there are enclosed 3 originals and 19 copies of a Revised Amendment No. 76 which has been modified to specifically include Revision 7 of the Fire Protection Evaluation Report.

We regret any inconvenience this error may have caused.

Very truly yours,

Eugene J. Bradley
