Gentlemen:

On October 19, 1995, a submittal was made requesting the approval of a proposed change to the Radiological Emergency Response Plan for the Brunswick Steam Electric Plant (BSEP) (Reference: BSEP 95-0511). The requested change consists of an exception to the Technical Support Center (TSC) location guidance in Supplement 1 to NUREG-0737, "Clarification of TMI Action Plan Requirements for Emergency Response Capability."

CP&L requests that this submittal be withdrawn pending resubmittal to coincide with ongoing enhancements to the site's security barriers and access control stations.

Please refer any questions regarding this submittal to Mr. George Honma at (910) 457-2741.

Sincerely,
