FREEDOM OF INFORMATION ACT REQUEST

Dear Mr. Felton:

Pursuant to the Freedom of Information Act, 5 U.S.C. 522, as amended, the Nuclear Information and Resource Service requests the following documents regarding the Shearon Harris Nuclear Power Plant. Please consider "documents" to include reports, studies, test results, correspondence, memoranda, meeting notes, meeting minutes, working papers, graphs, charts, diagrams, notes and summaries of conversations and interviews, computer records, and any other forms of written communication, including internal NRC Staff memoranda.

Pursuant to this request, please provide all documents prepared or utilized by, in the possession of, or routed through the NRC related to:

1. An evaluation, analysis, audit, or review done by or for the Institute for Nuclear Power Operations (INPO), or with its staff or its methodology, of the Shearon Harris Nuclear Power Plant within the last six months; and
2. Any documents produced by the NRC Staff that constitute review of the information requested in item 1, above.

~~All responses from PGE to NRC letters regarding the costs~~
In our opinion, it is appropriate in this case for you to waive search charges, pursuant to 5 U.S.C. 552(a)(4)(A) "because furnishing the information can be considered as primarily benefiting the general public." The Nuclear Information and Resource Service is a non-profit organization serving local organizations concerned about nuclear power and providing information to the general public. Information required by 10 CFR 9.14a was provided by letter dated August 3, 1984. The

information requested will be used by the intervenors in the operating license proceedings for the Shearon Harris plant.

Sincerely,

A handwritten signature in dark ink, appearing to read "Nina Bell", with a large, sweeping flourish extending to the left.

Nina Bell
Assistant Director
