Dear Mr. Russell:

In the referenced letter, we informed you of our intent to install a vehicle barrier system. We have since refined our original plan and installed the system. This Security Plan change includes the details of the installed system, which became operational earlier this year, and other administrative changes.

This Security Plan Change (SPC-34) has been reviewed in accordance with the requirements of 10 CFR 50.54(p). We have determined that none of the changes decreases the safeguards effectiveness of the Duane Arnold Energy Center (DAEC) Security Plan. A description of the changes is included in Attachment 1 and our evaluation of the changes is included in Attachment 2. The revised Security Plan is included as Attachment 3 to this letter.

The attachments to this letter contain information of the type described in 10 CFR 73.21, therefore, they should be withheld from public disclosure.
