U.S. Nuclear Regulatory Commission
Attn: Document Control Desk
Washington, D.C. 20555

Dear Sir:

Subject: Three Mile Island Nuclear Station Unit 1 (TMI-1)
Operating License No. DPR-50
Docket No. 50-289
Reply to Notice of Violation (NOV) 96-057

Enclosed is the GPU Nuclear reply to Notice of Violation 96-057 that cited GPU Nuclear for a failure to comply with the TMI Modified Amended Physical Security Plan, Revision 31, dated February 10, 1995. Portions of the reply contain safeguards information which should not be disclosed to the public. Those portions of the reply are identified by the bracketed initials "SGI" in bold type preceding and following the safeguards information.

Please contact J. Schork, TMI Regulatory Affairs at (717) 948-8832 should you have any questions regarding this response.

Sincerely,

J. Knubel
Vice President and Director, TMI
