Docket Nos. 50-387
and 50-388

Attached for your review is Change JJ to the Susquehanna Steam Electric Station Physical Security Plan. Pursuant to 10 CFR 50.54(p), PP&L has determined that the changes do not decrease the safeguards effectiveness of the plan and may, therefore, be made without prior Commission approval.

This change is provided to clarify the use, restrictions and control of control structure elevators. The measures identified are short term corrective steps. Long term corrective actions will be implemented and incorporated into the plan in the future.

Pursuant to 10 CFR 73.21, the attachments to this letter should be withheld from public inspection.

Very truly yours,

R. G. Byram
